Allowable Subject Matter

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In claim 1, applicant has claimed a cassette assembly comprised of a cassette and a sleeve. The cassette has a first and second side (opposite the first side) and a first end between the two sides and at least one cell therein. The sleeve also has a first side and second side (opposite the first side) as well as a first open end for receiving the cassette and a second closed end. The sleeve includes first and second tabs at the end of the sleeve that extend inwardly and abut the first and second sides of the cassette. The Examiner considers Williams (5,882,611) to be the closest prior art. Williams shows a cassette assembly having a cassette and sleeve. The sleeve has a first and second side as well as first and second end, but does not teach the first and second tabs that abut the cassette in the sleeve as recited by Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
